PROFESSIONAL SUMMARY

Motivated and creative Computer Engineering student at Nnamdi Azikiwe University with a strong foundation in web development. Experienced in building full-stack web applications using React, Node.js, and MongoDB. A fast learner with a passion for turning ideas into real, functional products. Open to internships and entry-level opportunities where I can contribute, grow, and make an impact.

EDUCATION

B.Eng. Electronics and Computer Engineering

Nnamdi Azikiwe University, Awka, Anambra State, Nigeria | 2024 – Present

TECHNICAL SKILLS

Frontend	HTML, CSS, Vanilla JavaScript, React
Backend	Node.js, Express.js, REST APIs
Databases	MongoDB, PostgreSQL
Tools & Platforms	Git, GitHub, GitHub Pages, VS Code

PROJECTS

Shoplite Node.js · MongoDB · Express.js

■ github.com/Nosibane-10

A full-featured e-commerce web application with product listings, shopping cart, and order management system built with Node.js and MongoDB.

Memory Card Game Vanilla JavaScript · HTML · CSS

■ atadovalentine.github.io/memory-card/

A browser-based memory card game where players flip cards to find matching pairs. Features a timer, move counter, and responsive design.

Type Tester Vanilla JavaScript · HTML · CSS

■ atadovalentine.github.io/type-tester/

A typing speed test application that measures words per minute (WPM) and accuracy in real time, with instant performance feedback and results.

ACHIEVEMENTS & LEADERSHIP

- Senior Prefect — demonstrated strong leadership, discipline, and responsibility
- Students Choir Master — led and coordinated a student choir, showing teamwork and organizational skills
